Melville Senior High School has long been considered a leader in the field of Aviation Studies. A purpose built Aviation Centre within the school houses the majority of the course, The remainder of course time is spent at airports and in the skies above Perth. A key feature of the Aviation Program at Melville SHS is the emphasis placed on flight time.

Melville SHS is currently the only school within Western Australia that can boast a full motion flight simulator. Our students are incredibly fortunate to be able to incorporate such an effective and dynamic teaching tool into their study program. The addition of the flight simulator to the Aviation Program has further enhanced Melville SHS’s reputation as a leader within this field of study. The simulator forms an integral part of the hands on approach to the learning experience, one which all students will greatly benefit from as they prepare to take to the skies.

Scholarship applications are invited from students entering Year 8 in 2013 who are enrolled in the Specialist Program in Aviation Studies. Two scholarships will be awarded for 2013. Applicants are required to complete the information over page and submit their application by no later than Friday 28 September 2012. An email will be issued as receipt of application. Should you not receive an email stating your application has been received within one week of submission please contact Melville SHS as soon as possible to avoid disappointment. It is important that a current email address is provided on the application.

The scholarship testing process will consist of consideration being given to the applicant’s Specialist Program test results along with an interview with the school’s principal (or their delegate) and Aviation Coordinator. The interview process constitutes 50% of the selection criteria.

The Aviation Scholarship will consist of an allocated fund of $500.00 which the recipient can use through 2013 to assist with payment of school fees, uniform and course requirements.
